Subject: Falcon Refinery Data
Date: Tuesday, December 17, 2013 8:16:16 AM

Brian:

Just wanted to provide a summary of the data from the September 2013 field event. We received the final validated lab package from the CLP lab on 4 December. We are in the process of validating the data that was received from non-CLP labs. The validation should be completed by the end of December. We are also inputting all of the data into the database. Hopefully, we will have the data organized so it can be used for the site evaluation in early January.

Thank you,

Bob Owens
